### Using Gravestones for Research

There are many ways that you can begin to research someone's life. Using their gravestone as a starting point can provide a great deal of useful information that can take you off in other directions.

**Choose a person from the cemetery and complete as much of this as you can:**

<b>Last Name</b>			
<b>First Name</b>			
<b>Year of death</b>		<b>Month of death</b>	
<b>Year of birth</b>		<b>Age at death</b>	

**Do you have any information from a Census return that you can add?**

<b>Date of census</b>	
<b>Age at time of census</b>	
<b>Address</b>	
<b>Occupation</b>	
<b>Place of birth</b>	
<b>Married Y/N</b>	
<b>Number of children</b>	

**Any other information:**
