

Guided touring

TWO Lye authors will host two more tours around Lye and Wollescote Cemetery.

Jean Weston and Marlene Price, publishers of 'A Victorian Cemetery and its Notable Burials', will step back in time leading the autumn walks around the grounds on Saturday October 2 and Saturday October 16.

There will be two walks on both days running at 11am and 2pm.

The free events are being held following the success of earlier summer strolls - detailing the chapels and stories of notable people buried in the cemetery.

Copies of the book about the cemetery are available from book stores and signed copies will be available to buy on the tours.
