

Guide offers

TWO Lye authors who penned a book about Lye and Wollescote Cemetery hope to bring history to life by leading a guided tour around the site.

Jean Weston and Marlene Price, authors of 'A Victorian Cemetery and its Notable Burials', will be conducting free tours from 11am to 3pm on Saturday July 24.

The book, which went on sale in April, details the history of the chapels and the stories of local people buried within the cemetery.

As part of the 'Discovering Places' campaign the tours aim to inspire people throughout the UK to seek out hidden and extraordinary places in their local environment, unfolding the stories that lie within them.

Copies of the book are available from book shops including Books Unlimited in Stourbridge.
